

# Dr. Gerald Miller

1960 NW 167<sup>th</sup> Place, Suite 103, Beaverton, OR 97006  
(503) 466-1823 Fax (503) 466-2045

---

## Telephone Consultations / Virtual Office Visits

You have chosen to make use of a service provided by the doctor as a convenience to you. He will not be able to weigh, measure, check blood pressure, check vision or do anything that requires your personal attendance. Everything else will be just as if you are in the examining room with him.

Every effort will be made to provide you with printed copies of your reports and any printed materials that the doctor would be sharing with you if you were in the office, preferably before your appointment.

### Exceptions-

Due to their potentially sensitive nature, pathology reports will be shared only in person. State law prevents us from sharing test results of sexually transmitted diseases, except in person.

This is not a way to obtain the doctors expert knowledge and advise for no cost. Your insurance (Or for cash pay patients, you personally) will be billed for this service. Standard rates apply.

If you fail to call in for your appointment, you will no longer be a candidate for this service, and will be required to have all visits in office.

My signature and date indicate that I have received this notice, understand its ramifications and agree to it.
